THERIOGENOLOGY

C O N T E N T S

Volume 10

Number 1, July 1978

Notices 1

Long-term fertility results of bull semen frozen with and without Beta Glucuronidase

H. Kupferschmied and C. Gaillard 3

Effect of corticoid induced parturition on lactation and on prepartum profiles of serum progesterone and the estrogens among cows retaining and not retaining fetal membranes

B.P. Chew, R.E. Erb, R.D. Randel and F.M. Rouquette, Jr. 13

A Case Report: Response of two cows with hydramnios and hydrallantois to treatment with Cloprostenol (ICI 80,996)

A.J. Sharp, C.J. Bierschwal, R.G. Elmore, R.S. Youngquist, A.L. Jenkins, D.J. Kesler, and H.A. Garverick 27

Response of Lutropin (LH) and Follitropin (FSH) to the administration of Gonadoliberin (GnRH) in pregnant and postpartum cattle including experiments with prolactin suppression

E. Schallenberger, D. Schams and K. Zottmeier 35

Use of the Prostaglandin $F_{2\alpha}$Analog Cloprostenol (ICI 80,996) in dairy cattle with unobserved estrus

B.E. Seguin, B.K. Gustafsson, J.P. Hurtgen, E.C. Mather, K.R. Refsal, R.A. Wescott and H.L. Whitmore 55

Causes for decreased fertility in out-of-season ewes

S.E. Echternkamp and D.D. Lunstra 65

Synchronization of estrus following 7 or 9 day treatment with Chlormadinone Acetate (CAP)

R. Fulton, L. Ball and J.N. Wiltbank 73

Non-surgical embryo transfer in the cow

J.M. Bowen, R.P. Elsden and G.E. Seidel, Jr. 89

Plasma levels of estrone sulfate, free estrogens and progesterone in the pregnant ewe throughout gestation

Charles P.W. Tsang 97

R. Fulton, L. Ball and J.N. Wiltbank 73

Non-surgical embryo transfer in the cow

J.M. Bowen, R.P. Elsden and G.E. Seidel, Jr. 89

Plasma levels of estrone sulfate, free estrogens and progesterone in the pregnant ewe throughout gestation

Charles P.W. Tsang 97

Non-surgical transfer of deep-frozen bovine embryos

A.O. Trounson, A. Brand and M.H. Aarts 111

Numbers 2-3, August-September 1978

Notices 117

Assessment of ovarian activity in the postpartum dairy cow by use of a milk progesterone assay

E.C. Mather, P.M. Camper, F. Vahdat, H.L. Whitmore and B.G. Gustafsson 119

Serum levels of reproductive steroids in cows with prolonged gestation

S. Kamimura, M. Miyake and K. Sato 131

Editor's Note 147

Studies on congenital semihairless calves together with other malformations occurring in Hokkaido

K. Hosokawa 147

Endocrine aspects of bovine dystocia with special reference to estrogens

A. Osinga 149

Superovulation, fertilization and embryo recovery in gonadotropin treated prepubertal calves

W. Duane Mickelsen, Raymond W. Wright, Jr., Alfred R. Menino, Cesario S. Zamora and Larry G. Paisley 167

Morphological normality of cattle embryos following superovulation using PMSG

M.P. Boland, T.F. Crosby and I. Gordon 175

Synchronization of estrus in beef cattle I. Utilization of a Norgestomet implant and injection of Estradiol Valerate

J.C. Spitzer, W.C. Burrell, D.G. LeFever, R.W. Whitman and J.N. Wiltbank 181

Synchronization of estrus in beef cattle II. Effect of an injection of Norgestomet and an estrogen in conjunction with a Norgestomet implant in heifers and cows

E.D. Miksch, D.G. LeFever, G. Mukembo, J.C. Spitzer and J.N. Wiltbank.....201

THERIOGENOLOGY

Synchronization of estrus in beef cattle III. Field trials in heifers using a Norgestomet implant and injections of Norgestomet and Estradiol Valerate

J.C. Spitzer, D.L. Jones, E.D. Miksch and J.N. Wiltbank 223

Gonadotropin secretion and testis function in artificially cryptorchid bulls

B.D. Schanbacher 231

Luteolytic effect of a prostaglandin analogue (Cloprostenol) on fertility performance of Merino ewes during breeding season

Andrzej B. Bielański.....241

Timing the insemination of beef cattle

R.K. Robbins, J.J. Sullivan, M.M. Pace, F.I. Elliott, D.E. Bartlett and P.J. Press 247

Effects of hemicastration on testicular functions in adult and young puberal bulls

B.H. Johnson 257

Eland semen collection and freezing

C.P. Merilan, B.W. Read, W.J. Boever and D. Knox 265

Number 4, October 1978

Plasma estrogens in the periparturient cow

J.N. Stellflug, D.K. Han, R.D. Randel and E.L. Moody 269

A sperm mid-piece defect of epididymal origin in two Hereford bulls

Martin S. Wenkoff 275

Elective termination of pregnancy in cattle by manual abortion

E. Parmigiani, L. Ball, D. LeFever, G. Rupp and G. Seidel, Jr. 283

Luteinizing hormone and testosterone secretory profiles of boars: Effects of stage of sexual maturation

K.R. Lapwood and S.V. Florcruz 293

Fertility of dairy cows treated with Progestagen implants, Prostaglandin Analog and PMSG

D. Chupin and J. Pelot 307

The fertilizing capacity of ram testicular spermatozoa, freshly collected and after storage in cauda epididymal fluid

Josef K. Voglmayr, Ian G. White and Robert P. Parks 313

Effect of active immunisation of ewes against synthetic luteinising hormone releasing hormone

I.A. Jeffcoate, J.P. Foster and D.B. Crighton 323

Transfer of cultured bovine embryos

D.F. Peters, G.B. Anderson, R. BonDurant, P.T. Cupps and M. Drost 337

Number 5, November 1978

The ovarian and hormonal response of the ewe to stimulation by the ram early in the breeding season

T.W. Knight, A.J. Peterson and E. Payne.....343

Breeding soundness examinations in 18 closely related inbred Angus bulls

R.G. Elmore, J. Breuer, R.S. Youngquist, J.F. Lasley and C.J. Bierschwal 355

A program to reduce the incidence of combined immuno-deficiency

John W.H. Trueman 365

Control of estrus in the lactating postpartum mare with Fluprostenol (ICI-81,008)

J.L. Kreider, V.C. Murrell, L.C. Longwell and R.A. Godke 371

Further studies on non-surgical intrauterine technique for artificial insemination in the ewe

Y. Fukui and E.M. Roberts 381

Bovine fetal anoxia observed in pregnant beef heifers experimentally inoculated with *Anaplasma marginale*

Brinton L. Swift and Richard J. Paumer 395

THERIOGENOLOGY

Motility and fertility of stallion spermatozoa isolated in bovine serum albumin

S.D. Goodeaux and J.L. Kreider 405

Erratum 415

Number 6, December 1978

Reproductive studies of Brahman cattle III. Comparison of weight, progesterone content, histological characteristics, and 3β-hydroxysteroid dehydrogenase activity in corpora lutea of Brahman, Hereford, and Brahman X Hereford heifers

H.J. Irvin, R.D. Randel, W.E. Haensly and A.M. Sorensen, Jr. 417

Reproductive studies of Brahman cattle IV. Luteinizing hormone levels in ovariectomized Brahman, Brahman X Hereford and Hereford cows following a 20 mg dose of Estradiol-17β

R.C. Rhodes III, R.D. Randel and P.G. Harms 429

Absorption of *Escherichia coli* Endotoxin from the mammary glands and uteri of early postpartum sows and gilts

R.G. Elmore, C.E. Martin and J.N. Berg 439

Ability of different hormones to substitute for progesterone in the induction of oestrous behaviour in oestrogen-treated ovariectomized ewes

R.F. Parrott and B.A. Baldwin 447

Profiles of LH, FSH and progesterone in postpartum dairy cows and their relationship to the commencement of cyclic functions

D. Schams, E. Schallenberger, Ch. Menzer, J. Stangl, K. Zottmeier, B. Hoffmann and H. Karg 453

Partial purification of uterine secretory protein capable of suppressing lymphocyte reactivity *in vitro*

Barbara J. Etzel, Finnie A. Murray, A.P. Grifo, Jr., and J.E. Kinder 469

Inoculation of pregnant beef heifers at midgestation with *Anaplasma marginale*

Brinton L. Swift, Jack Settlemire, Jr. and George M. Thomas 481
